CATALOGUE

Our manufacturing plant in Aviemore is fully equipped with the very latest CNC Machine Tools. This, coupled with excellent management and exacting production procedures approved to BS EN-ISO 9001-1994 standards, ensures continuity of quality and supply.

Complimenting the facility is our commitment to a continuing Research and Development programme striving to ever-improve present standards of material and design.

An overnight delivery service, either by road or rail, is available to allow us to service most of the United Kingdom within 24 hours and with a major airport within easy reach, a similar service can be offered to our overseas customers.

Quality Service from a Quality Company.

In addition, we have also established a priority production cell to process orders of an urgent nature.

Materials such as AISI 316L BS970 316 S11 Stainless Steel, Steel, Monel, Titanium, Hastelloy, Aluminium Bronze, Phosphor Bronze, Brass and Duplex Stainless Steel are available upon request. Most of these materials are held in stock, however, we also welcome enquiries for non-listed fittings and adaptors.
